Dear Parents and Carers,

Lovely to welcome all our parents and carers into school for parents evening last week. Thank you to everyone who was able to attend and a special thanks to our Y6 helpers for their support.

We have recently seen an improvement in attendance across school. It has been a great start to this term. Thank you for your support in ensuring your child is in school each day. It really does support your child not only in their learning but also in their social and emotional wellbeing. Remember that if you require any support with your child's attendance or have any questions regarding attendance, please contact the office and arrange a meeting. We are looking forward to starting our dance represent this use the second start of the starting our dance represent this use the start of the starting our dance represent the start of the

We are looking forward to starting our dance rehearsals this week for our Trust Dance Festival. Each week, each class will be taught their dance routine by an external company in preparation for the event. We will then practice this ready for our Trust Dance Festival on Tuesday 24th June 2025.

The course below is bring run at one of our local Lancashire Family Hubs. If you are interested in attending, please contact the office and arrange a meeting or phone call with Mrs Burger to discuss the

next steps for applying for a

place.

We are lucky to work with Compass Bloom at St. Paul's

and have our own mental health practitioner that comes into school offering 1:1 sessions and small group work.

I am pleased to say that we have organised some sessions for our Y6 children with Compass Bloom to support with upcoming statutory assessments and transitions to high schools.

We have a dedicated section on our school website for Mental Health and wellbeing <u>Adlington St Paul's Church of Eng-</u> <u>land Primary School: Mental Health and Wellbeing</u> where you can find updated information and any courses being run for parents and carers to support their children at home.

As always, if you have any questions or require any support or guidance, please do not hesitate to get in touch. We are always here to help.

Thanks

ECO News

Eco club are looking for houseplant donations. We are looking for indoor plants that we can place in our classrooms and corridors.

As well as looking good, they support human health. Scientific studies have found indoor plants have benefits: the studies suggest they improve mental wellbeing – improving moods and behaviour, reduce stress levels, improve productivity and improve attention span. There are ongoing studies to see if they improve our air quality. All of these things will help us to learn.

If you are able to donate an indoor plant for our school, please drop them off at the school office. Your donations would be much appreciated.

Please also remember that we are able to recycle your batteries. If you have any

used batteries that you need to dispose of, we have a box situated in the main office. You can drop your used batteries at the office with Miss Harrison.

Thank you for supporting us in our quest to improve our school and environment.

Mrs Sanderson and Community Leaders
